UNITED BANK CARD RANKED 6TH
ON THIS YEAR'S INC. 500 LIST OF FASTEST-GROWING PRIVATE COMPANIES

Hampton, NJ – August 21, 2006 – Leading payment processor and merchant acquirer United Bank Card, Inc. (UBC) announced today that it is once again among America's growth leaders and has achieved the rank of the 6th fastest growing private company in the U.S. from Inc. Magazine on its **Inc. 500** list. The list represents the businesses that are driving the U.S. economy and this is United Bank Card's second consecutive appearance among such esteemed companies after its debut at number 19 in 2005. As a result of these impressive achievements, United Bank Card has also accomplished an Inc. Magazine milestone this year as the highest ranked company to appear on the **Inc. 500** list more than once.

Inc. Magazine is a premier business publication designed to help business owners and CEOs start, run, and grow their businesses. Each year, it produces the **Inc. 500** list of the nation's fastest growing private companies based on revenues from the previous three years. UBC was able to jump 13 spots on the ranking to number six for 2006 by achieving revenue growth of over 5,000% from 2002-2005.

This recognition is the latest in a series of impressive accomplishments and honors that UBC has achieved for 2006 and further demonstrates the success of the company's business strategy of being first-to-market with innovative services at low prices backed by superior in-house support. United Bank Card founder and CEO, Jared Issacman is humbled by this honor and attributes his company's success to all of the people who work diligently to help UBC achieve its goals, stating "It is an amazing honor just to be among the 500 fastest growing companies in America, let alone be ranked number 6. It is clearly a testament to the dedication and hard work of the entire staff, management and sales team at United Bank Card."

The Inc. 500 Special Issue will appear on newsstands later this month and will be on display until January 2007.
