FREE e^N Check 2500 Check Reader The Perfect Solution for Protection Against Bad Checks

Checks remain the preferred form of non-cash payment; however, many businesses are reluctant to accept them because of the risk involved. Unfortunately, choosing to not take check purchases eliminates an extremely lucrative payment option. Check Guarantee provides the perfect method to enhance your business by accepting checks safely and confidently.

Accept Checks Worry-Free

Accept out-of-town and out-of-state checks, even checks from Canada and all U.S. territories with less risk. Check Guarantee is beneficial to any business at risk for accepting NSF or bounced checks. Check Guarantee can be easily added to your existing credit card system, eliminating losses and fees from bounced checks practically overnight. With our guarantee service in place, checks are approved at the point-of-sale in seconds. If an approved check is returned from the bank unpaid, it can be submitted to us for processing and reimbursement allowing you to concentrate on sales, not collections.

The Highest Percentage of Approved Checks – Guaranteed

Our partnership with CrossCheck gives you the opportunity to accept more checks than ever before. CrossCheck promises the highest percentage of approvals and will guarantee 50% fewer declined checks than the competition.

Free Equipment!

As part of the United Bank Card Free Terminal Program, we will provide you with a state-of-the-art Ingenico e^N Check 2500 check reader free of charge! The e^N Check 2500 is compact, versatile and simple to use, making it an ideal check reader for merchants of all sizes. This program is in addition to and fully compatible with the free Nurit 8320 credit card terminal and Lipman E-Pad signature capture pad that will provide you with a complete processing solution.

Take Advantage of This Offer Today!

The ability to take more checks is certain to increase your sales. Check Guarantee is one of the most significant innovations for the most popular form of non-cash payment available and we provide the additional incentive of supplying the equipment free of charge! Contact your local sales office and enhance your business today!
